

Deep breath- busy end of the week/quarter coming uo!!!

**Last day for this (not) Furlough Friday's pizza lunch is tomorrow-Wed. March 3. Please send in your order and payment in the morning.**

Our kids will need their helmets for rock wall climbing at PE this Friday, March 5. We prefer the rounded helmets over the pointy speed or dirt bike types as they're safer. We also had 2 more kids forget their PE shoes so PLEASE remind them!!! The kids all lose marbles when even just one child is not dressed out properly. Mondays and Fridays as always.....

\*\*\*\*In planners on Wednesday, you will get the permission slip for NEXT Wednesday's field trip to the Nature Center. We did get our Kokua Foundation grant and I was able to make the final cost calculations. Please return those forms and payment ASAP!!! \*\*\*\*

Jump Rope for Heart is next week Friday. Even if your child doesn't collect any pledges, the back of the flap is the permission slip that will allow him/her to have fun with us that day. Please return it soon, certainly prior to the March 12 event.

Thanks to Jake Hinz for his terrific tsunami presentation today for Science & Survival class:-). The kids were really engaged for a pretty DEEP subject and we all came away with a good understanding of a timely topic.

Aloha, Mrs. VDK and Ms. Nadine
